POINT - OF - SALE SOFTWARE

*Big Business Tools. Small Business Attitude.*

Wasp QuickStore Point of Sale™ software is designed to help independent retailers run faster and more efficiently, while providing customers with the service they demand. Wasp's easy-to-use POS barcoding software delivers the tools that larger retailers use, without the complexity or cost typical of these solutions. Whether you are opening your first retail store or planning to expand your operations, Wasp's POS software will improve your business efficiency. Lower operating costs, improved sales and higher customer satisfaction will help make your business a success.

Wasp QuickStore delivers easy access to inventory, customer, sales and business data in one software solution. From maintaining accurate inventory counts to tracking customer purchase history and item sales history, QuickStore delivers the information you need to manage your retail business. Credit, debit and gift card transactions are simple with fully integrated X-Charge processing.

Choose from QuickStore Standard, Pro or Enterprise software, designed to meet the needs of independent retailers.

## ❖ QUICKSTORE SOFTWARE FEATURES:

- ▶ Create sales, layaways and gift certificates
- ▶ Enter item and invoice notes

POINT - OF - SALE SOFTWARE

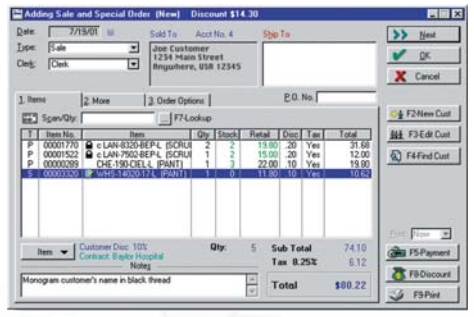

Wasp QuickStore Point of Sale™ software is ideal for retailers including apparel and shoe stores, bike and hobby shops, liquor stores, nail and beauty salons, sporting goods stores, and gift shops. Wasp QuickStore software is available in three versions, designed to fit the functional needs of small retailers:

- ▶ **Wasp QuickStore Standard Software**
  - Recommended for a single store with moderate traffic and inventory levels
- ▶ **Wasp QuickStore Professional Software**
  - Recommended for a single store requiring more robust features for larger operations with multiple lanes or checkouts, or a store with higher traffic, inventory management and customer service needs
- ▶ **Wasp QuickStore Enterprise Software**
  - Recommended for retail businesses with multiple store locations or plans to expand
  - Includes all of the features available in QuickStore Professional software

**Track Inventory.** Each inventory item can have a unique 12-digit UPC barcode number that identifies the item when scanned. Inventory items can have a 25-character description, a 200-character detailed description, a 5-character department code, and a 5-character fashion or order code. Set up inventory with apparel matrix or single product SKU, and take physical inventories by scanning barcodes.

**Check-out Customers.** Create sales, layaways, and gift certificates, enter item and invoice notes, tender multiple payments, process credit card, scan items for fast and accurate check-out, and check-out up to two customers at one time.

Sales By Customer						
April 1, 2002 through April 1, 2008
